Re: Application for Wind Energy Facilities

Dear Chairman:

Moresville Energy LLC is pleased to submit the enclosed document as application under Town of Roxbury Local Law 3 of 2007 entitled Wind Energy Deriving Towers Law. Moresville Energy LLC proposes to design, construct, commission, and operate a wind energy conversion facility comprised of 33 wind turbines delivering approximately 99 megawatts of power to the New York Independent System Operator. Of the 33 wind turbines, 14 turbines are proposed to be located in the Town of Roxbury, with 9 additional wind turbines situated along the municipal boundary of Roxbury and Stamford. The remaining 10 wind turbines are proposed in the Town of Stamford.

If you have any questions please do not hesitate to contact me at your earliest convenience.

Yours truly,

David Groberg
On behalf of MORESVILLE ENERGY LLC
